HFO *Coolant* Analysis Program

Program Overview

- 1 Receive a pail of PREMIUM *Castrol* MB20 Semi-Synthetic Coolant
- 2 Get three quarterly coolant analyses and expert consultations
- 3 Enjoy a machine that runs more efficiently and cost-effectively

Quarterly Coolant Analysis

- Coolant Expert from Hasco takes coolant sample
- Sample is analyzed at the *Castrol* Laboratory
- A Report will be sent back to you via eMail
- The Coolant Expert from Hasco will review the results with you
- The report includes: Proper concentration, additive levels, bacteria & fungus analysis, tramp oil levels and advanced rust analysis

\$499.00

\$549.⁰⁰ for MB50

Benefits & Savings

- Less Down Time
- Maximized Tool Life
- Produce more and better parts
- The assurance you're not using too much coolant
